O-EYES LR1:

EASY TO OPEN

Simply opened by explorer.
No need for special instrument.

The opening hole has 3 Chinese and international patents applied.

SMOOTH AND ROUNDED SURFACE

Global leading polishing technique-
Less irritation to soft tissue.
Less stress while chewing.
Less bracket debonding.
Less retention of food and plaque.

ALL-NEW OPEN-CLOSE MECHANISM

Ease of opening and closing with safety and reliability.

The open-close structure has applied for 5 Chinese and international patents.

EXTRAORDINARY PERFORMANCE

Special fixation set-up inside the bracket box offering exact fixation placement.
Able to afford great impact without bracket drop-off.
No adjustment needed with increased convenience during gripping.

The bracket fixation design in bracket box has filed 4 Chinese and international patents.

ABOUT US

Established in 2015, OO Dental is a high-tech R&D enterprise focusing on self-developed innovation in orthodontic Industry. At present, we've obtained more than 100 patents and our products have already been approved by CE, FDA and ISO 13485.

OO Dental logo shows two circles representing our product --- sphere-shaped bracket, and they are also linked to the sense of " One&Owns " that signifies making the global leading product by ourselves. It derives " Ongoing Innovation " as well, the idea that we will keep our innovation going.

Our Manufacturing Base is set up according to ISO Class-8 Standard in Guangdong province, China, and our workshops are equipped with advanced facilities. OO Dental conducts broad cooperation with different leading precise manufacturing companies worldwide, and further cultivates development in the area of precise medical instrument manufacturing with global advanced smart manufacturing technology. The products we developed for orthodontists have reached advanced international level and well received by orthodontic practitioner.

We have enhanced academic and technological exchange and cooperated with expert team from well-known universities and academies worldwide. OO Dental will hold the alliance with a team of top experts and physicians of all disciplines in medical, adhere to the path of innovative and creative characteristics to achieve continued innovation and developing production for multi-disciplinary medical instrument, as well as serve customers worldwide with all our strength.

What we shape is more than a bracket
but our inner world. One's product
generate from his heart that mirrors
one's inner qualities.
